¹This plan does not constitute "creditable coverage" for Massachusetts residents. ²Plan deductible must be met before co-insurance applies. The maximum out-of-pocket limit includes the deductible and co-insurance for eligible, in-network services. ³Members are required to pay the full consultation fee until they have met their deductible/co-insurance requirements. ⁴If the cost of the prescription is less than the co-pay, the member pays the full cost of the prescription. ⁵Retail available as 30-day supply, mail order/preferred retail pharmacy (Walgreens® or CVS®) as 90-day supply and specialty as 30-day supply through mail order. ⁶Thirty-day supply of maintenance medications filled at retail will incur a \$10 penalty after the second retail fill. The \$10 penalty does not accumulate toward the deductible or the maximum out-of-pocket limit. This penalty does not apply to Affordable Care Act (ACA) preventive medications. ⁷If a non-generic drug is purchased when a generic is available, the member must pay a penalty of the difference in drug cost of the non-generic drug over its generic equivalent. This penalty does not accumulate toward the deductible or the maximum out-of-pocket limit. ⁸A 90-day supply of maintenance drugs can be filled either by preferred retail pharmacy (Walgreens or CVS) or by mail order. ⁹Co-pays for certain specialty medications will be set to the maximum available manufacturer co-pay assistance. These co-pays will be paid by the manufacturer after the participant applies for co-pay assistance and will not apply toward maximum out-of-pocket (MOOP). Choosing not to enroll in co-pay assistance will result in a 30% co-insurance on applicable specialty medications. ¹⁰Select products used to treat diabetes, including participating insulin, may be available for a \$75 co-pay for a 90-day supply.
