Medicare FAQs

What is Medicare Part A?

Part A is hospital insurance and covers inpatient care in hospitals and skilled nursing facilities as well as hospice care. It also provides coverage for some home health care services. You must have Part A to coordinate with GuideStone's Medicare-coordinating plans.

What is Medicare Part B?

Medicare Part B helps cover medically necessary services like doctors' services, outpatient care, home health and other medical services. Part B also covers some preventive services. You must have Part B to coordinate with GuideStone's Medicare-coordinating plans that include Part B benefits. You may delay enrollment in Part B if Medicare will be secondary because of Large Group Health Plan (LGHP) coverage.

When should I sign up for Medicare Part A and Part B?

You have three opportunities to enroll in Medicare Part A and Part B.

1. Generally, your first opportunity to enroll in Part A and Part B comes during the 7-month period that begins three months prior to your 65th birthday.
2. You can sign up during the general enrollment period, which is January 1–March 31 each year.
3. You also have an 8-month Special Enrollment Period that starts the month after you retire, or the group health insurance provided by your employer ends, whichever occurs first.

Note: Other Special Enrollment Period rules may apply. Failure to enroll at one of these preapproved times may result in a penalty.

What is Medicare Part D and do I need to purchase it separately?

Medicare-approved prescription benefits are known as Medicare Part D. Prescription drug benefits are included in all of GuideStone's Medicare-coordinating plans, which are administered by Express Scripts. They meet or, in some cases, exceed the minimum standard established for Part D coverage. **That means you will not need to purchase an additional policy to provide prescription drug coverage.**

Visit Help.GuideStone.org to learn more about Medicare.

Medicare-coordinating Plans – Retiree Enrollment

Personal Plans

GuideStone's Medicare-coordinating plans for retirees include hospital, medical and Part D prescription benefits. Express Scripts will manage the Part D benefits. If you are enrolled in a Medicare supplement plan that includes a Part D benefit or a Part D stand-alone prescription drug plan, you are responsible for verifying that you are eligible to withdraw from that plan and enroll in a new plan.

	If your doctor prescribes less than a full month's supply of certain drugs, you will pay a daily cost-sharing rate based on the actual number of days of the drug that you receive.			
	*Your cost-sharing amount may differ from the information shown in this chart if you use a home delivery pharmacy other than Express Scripts® Pharmacy. Other pharmacies are available in our network.			

	<p>You may receive up to a 90-day supply of certain maintenance drugs (medications taken on a long-term basis) by mail through Express Scripts® Pharmacy. There is no charge for standard shipping.</p> <p>Not all drugs are available at a 90-day supply, and not all retail pharmacies offer a 90-day supply. Please contact Express Scripts Medicare Customer Service at the numbers on the back of this document for more information.</p>
Coverage Gap stage	<p>After your total yearly drug costs reach \$4,660, you will pay the following until your yearly out-of-pocket drug costs reach \$7,400:</p> <p>Brand Drugs: 25% of the cost of covered Medicare Part D brand drugs, plus a portion of the dispensing fee. Long-Term Care (LTC) Pharmacy

If you reside in an LTC facility, you pay the same as at a network retail pharmacy. LTC pharmacies must dispense brand-name drugs in amounts of 14 days or less at a time. They may also dispense less than a one month’s supply of generic drugs at a time. Contact your plan if you have questions about cost sharing or billing when less than a one-month supply is dispensed.

Out-of-Network Coverage

You must use Express Scripts Medicare network pharmacies to fill your prescriptions. Covered Medicare Part D drugs are available at out-of-network pharmacies only in special circumstances, such as illness while traveling outside of the plan’s service area where there is no network pharmacy. You generally have to pay the full cost for drugs received at an out-of-network pharmacy at the time you fill your prescription. You can ask us to reimburse you for our share of the cost. Please contact Express Scripts Medicare Customer Service at the numbers on the back of this document for more details.

IMPORTANT PLAN INFORMATION

- The service area for this plan is all 50 states, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, Guam, the Northern Mariana Islands and American Samoa. You must live in one of these areas to participate in this plan.
- You are eligible for this plan if you are entitled to Medicare Part A and/or are enrolled in Medicare Part B, are a U.S. citizen or are lawfully present in the United States, and are eligible for benefits from GuideStone.
- The amount you pay may differ depending on what type of pharmacy you use; for example, retail, home infusion, LTC or home delivery.
- To find a network pharmacy near you, visit our website at express-scripts.com/pharmacies.

- Your plan uses a formulary – a list of covered drugs. The amount you pay depends on the drug’s tier and on the coverage stage that you’ve reached. From time to time, a drug may move to a different tier. If a drug you are taking is going to move to a higher (or more expensive) tier, or if the change limits your ability to fill a prescription, Express Scripts will notify you before the change is made.
- A PDF of our printed drug list for 2023 will be available by logging into **express-scripts.com/documents** beginning on October 15, 2022.

- Your healthcare provider must get prior authorization from Express Scripts Medicare for certain drugs.
- If the actual cost of a drug is less than the normal cost-sharing amount for that drug, you will pay the actual cost, not the higher cost-sharing amount.
- If you request a formulary exception for a drug and Express Scripts Medicare approves the exception, you will pay the cost-sharing amount set by your plan for that drug.
- You must continue to pay your Medicare Part B premium, if not otherwise paid for under Medicaid or by another third party.
- You will receive an invoice for your combined medical and prescription drug coverage from GuideStone Financial Resources.
- When you use your Part D prescription drug benefits, Express Scripts Medicare sends you an *Explanation of Benefits* (Part D EOB), or summary, to help you understand and keep track of your benefits. You may also be able to receive a copy electronically by visiting our website, **express-scripts.com**, or by contacting Express Scripts Medicare Customer Service at the phone numbers on the back of this document.

For an explanation of your plan’s rules, contact Express Scripts Medicare Customer Service at the numbers on the back of this document or review the *Evidence of Coverage* (EOC) by visiting our website, **express-scripts.com/documents**. You can request a copy of the EOC by calling Express Scripts Medicare Customer Service.

Does my plan cover Medicare Part B or non–Part D drugs?

In addition to providing coverage of Medicare Part D drugs, this plan provides coverage for Medicare Part B medications, as well as for some other non–Part D medications that are not normally covered by a Medicare prescription drug plan. The amounts paid for these medications will not count toward your total drug costs or total out-of-pocket expenses. Please call Customer Service for additional information about specific drug coverage and your cost-sharing amount.

Will my income affect my cost for Medicare Part D coverage?

Some people may pay an extra amount called the Part D Income-Related Monthly Adjustment Amount (Part D-IRMAA) because of their yearly income. If you have to pay an extra amount, Social Security – *not your Medicare plan* – will send a letter telling you what the extra amount will be and how to pay it. If you have any questions about this extra amount, contact Social Security at 1.800.772.1213 between 8 a.m. and 7 p.m., Monday through Friday to speak with a representative. Automated messages are available 24 hours a day. TTY users should call 1.800.325.0778.

You generally have to pay the full cost for drugs received at an out-of-network pharmacy at the time you fill your prescription. You can ask us to reimburse you for our share of the cost.
