

COVERAGE MADE FOR MINISTRY

The GuideStone Difference

We understand your ministry. We understand employee benefits. And we share your passion for the Gospel.

That's why GuideStone® provides Christian health plans and insurance solutions uniquely designed to serve churches and ministries.

BIBLICAL CONVICTIONS

With GuideStone, it's possible to maintain biblical convictions on life and family without compromising the quality of your health coverage.

A RANGE OF HEALTH PLAN OPTIONS

GuideStone offers group medical coverage for as few as two employees — along with personal medical plans for individuals and their families. We want your health plan to be optimal for your needs, so we've designed options for a wide range of ministry sizes and budgets.

A NATIONWIDE NETWORK

Take advantage of an expansive network of providers across America and never worry about finding affordable in-network care.

INTERNATIONAL COVERAGE

Whether you are going overseas for a short trip or as a full-time missionary, GuideStone has international coverage options designed for your needs.

COST-SAVING PRESCRIPTION BENEFITS

Take control of your prescriptions and save money with the prescription drug benefits available with most GuideStone medical plans, including low-cost home delivery options and access to specialty medications.

BUILT-IN BENEFIT PERKS

Consult with a personal care coordinator, find the best pricing on procedures, receive 24-hour access to telemedicine and take advantage of valuable tools like health coaching, a type 2 diabetes reversal program and virtual physical therapy — all built into your plan at no additional cost.

OTHER ESSENTIAL COVERAGES

Round out your benefits package with plans that allow you to care for your ministry team when they need it the most. With GuideStone, dental, vision, life, accident and short- and long-term disability insurance may be more cost-effective than you think!

WE'RE HERE TO GUIDE, ADVOCATE AND PROVIDE

From designing a benefits package customized to your unique ministry needs to assisting with claims and day-to-day plan administration, our team is here to serve as your advocates and benefits experts so that you can focus on your ministry calling.
