

PROPERTY AND CASUALTY

Prepare for Potential Disasters with Confidence

When disaster strikes suddenly, daily ministry activities often come to a halt. Fire, theft, lawsuits and other unforeseen incidents can feel overwhelming, but you can take steps now to minimize risk and reduce stress should an unfortunate event occur.

Preparing for potential disasters empowers your ministry and people to stay protected. Wise planning also allows you to focus on fulfilling your calling. At GuideStone®, we offer tailored property and liability insurance to help church leaders lead resilient lives and advance the Kingdom of God.

Find Protection with Purpose

Property Insurance

Cover your buildings, property and belongings. If your ministry is damaged, destroyed or the victim of theft, this policy can help lessen financial burdens resulting from a loss.

Liability and Excess Liability Insurance

Guard your ministry, employees, leaders and volunteers from lawsuits, liabilities and losses. Also, ensure that what makes your ministry unique is protected with excess liability insurance.

Commercial Auto

Provide coverage for injuries and your ministry's vehicles in the event of an accident. Also, lessen financial burdens arising from vehicle liabilities, collisions, personal injury and more.

Mission Travel

Protect your mission teams whether they are going a few miles down the road or halfway around the world.

Workers' Compensation

Employee Benefits

Help employees who suffer from a work-related injury or illness by offering workers' compensation to help pay for medical, disability, rehabilitation and, in rare instances, expenses associated with death on the job.

Employer's Liability

Protect your ministry from financial loss in the event that an employee files a lawsuit for a work-related injury or illness.

Risk Management Resources

We have designed resources to assist with developing policies and procedures, abuse prevention, safety and security, disaster preparation and response, overall risk management and more.
