Comprehensive Medical Coverage

The Schedule

For You and Your Dependents

To receive Comprehensive Medical Coverage, you and your Dependents may be required to pay a portion of the Covered Expenses for services and supplies. That portion is the Deductible, Co-payment and Co-insurance.

Co-insurance

The term Co-insurance means the percentage of charges for Covered Expenses that a covered person is required to pay under the Plan.

Co-payments/Deductibles

Co-payments are expenses to be paid by you or your Dependent for the services received. Deductibles are also expenses to be paid by you or your Dependent. Deductible amounts are separate from and not reduced by Co-payments. Co-payments and Deductibles are in addition to any Co-insurance. Once the Deductible maximum in The Schedule has been reached, you and your family need not satisfy any further medical Deductible for the rest of that year.

Maximum Out-of-Pocket limit

The term Maximum Out-of-Pocket limit means the amount a Covered Person or Family must pay for International, In-Network U.S., and Out-of-Network U.S. Eligible Expenses in a calendar year before the plan pays 100%.

Maximum Reimbursable Charge

Unless otherwise noted, services are paid based on the Maximum Reimbursable Charge. For this plan, the Maximum Reimbursable Charge is calculated at the 80th percentile of all charges made by providers of such service or supply in the geographic area.

Multiple Surgical Reduction

Multiple surgeries performed during one operating session result in payment reduction of 50% to the surgery of lesser charge. The most expensive procedure is paid as any other surgery.

Assistant Surgeon and Co-Surgeon Charges

Assistant Surgeon

The maximum amount payable will be limited to charges made by an assistant surgeon that do not exceed 20 percent of the surgeon's allowable charge. (For purposes of this limitation, allowable charge means the amount payable to the surgeon prior to any reductions due to Co-insurance or Deductible amounts.)

Co-Surgeon

The maximum amount payable will be limited to charges made by co-surgeons that do not exceed 20 percent of the surgeon's allowable charge plus 20 percent. (For purposes of this limitation, allowable charge means the amount payable to the surgeons prior to any reductions due to Co-insurance or Deductible amounts.)
